

TJ Williams

TJ Williams joined Little Rock National Airport's Public Affairs Department in July 2001.

In September, 2011, TJ was named Director of Air Service Development.

As Director of Air Service Development, TJ is responsible for marketing Little Rock National Airport to commercial airline route planners to retain current air service and to develop overall air service including addition of new routes and frequency.

TJ also has oversight of the Airport's web marketing efforts.

Education:

M.A., Management & Leadership, Webster University (Distinguished Graduate)
B.S., Organizational Behavior, John Brown University

Background:

TJ has 11 years in public affairs in an airport environment where she developed and implemented the launch of a number of LIT's customer relations initiatives.

Prior to joining Little Rock National Airport, TJ spent over 25 years in broadcasting and held positions on-air and in community relations and public affairs with several media companies.
